

EMERGENCY & CRITICAL INCIDENTS POLICY

Rationale

- Schools are responsible for
 - planning for and managing emergencies
 - responding swiftly to emergency incidents including medical emergencies
 - reporting emergencies and incidents
 - liaising with a range of support agencies including the Security Services Unit
 - testing emergency procedures
- Schools may implement additional security risk management measures.
- Schools may be required to provide WorkSafe notifications.

Purpose

- To ensure that, as part of the school's Emergency Management Planning, Footscray North Primary School has a process for reporting critical incidents to Security Services Unit and/or WorkSafe that complies with legislation and DET policy.

Implementation

- The safety of children is this school's highest priority.
- The school's Emergency Management Plan (EMP) that has been completed on line contains a risk assessment addressing hazards and potential threats to the school and which covers the four components of preparedness, prevention, response and recovery. It describes the actions to be taken before, during and after an emergency and covers all circumstances when the school is responsible for children's safety such as school excursions. It contains the school's emergency testing procedures which are rehearsed at least four times each year. The EMP is reviewed annually and/or following an emergency or crisis.
- Once the safety and security of children, staff, parents/carers and visitors to the school have been ensured, the school will report the incident to Security Services Unit on 9589-6266, 24 hours a day.
- The information to be conveyed to Security Services Unit includes:
 - Who – the name of the person reporting the emergency / critical incident
 - What – the nature of the emergency / critical incident
 - When – the time when the school became aware of the emergency / critical incident
 - Where – the location of the emergency / critical incident and contact phone numbers if it has occurred away from school
- It is essential that the **emergency services** are notified immediately. The appropriate services are
 - ambulance for injury and medical assistance
 - fire brigade for fires (even when fires have been put out)
 - police for crime, injury which may not be accidental or assault
 - SES for floods and wind storms
- The school will notify WorkSafe via WorkSafe's Incident Notification Form faxed to 03 9641-1091 within 48 hours of an incident involving the death of or immediate medical treatment for
 - the separation of skin from underlying tissue
 - the amputation of any part of the body
 - a serious head injury or eye injury
 - the loss of a bodily function
 - serious lacerations
 - an electric shock
 - a spinal injury
 - immediate medical treatment as an in-patient in a hospital

Note: When only a medical diagnosis is given but no treatment, then there is no requirement to notify WorkSafe.

- medical treatment within forty-eight hours of exposure to a substance

- collapse, overturning, failure of, or damage to, any item of plant equipment that is required to be licensed
- the collapse, failure of an excavation or of any shoring supporting an excavation or partial collapse of any part of a building or structure
- an implosion, explosion or fire
- the escape, spillage or leakage of any substance, including dangerous goods as defined in the *Dangerous Goods Act 1985*
- the fall or release from a height of any plant equipment, substance or object.

Note: The same obligations to notify of incidents and dangerous occurrences apply under the Equipment (Public Safety) (Incident Notification) Regulations 2007 such as amusement structures used by volunteers at a school fete or fair.

- The school will log the incident in eduSafe, DET's reporting system for non-student incidents.
- Please refer also the school's *Emergency Management Planning Policy*, the *Emergency & Incident Reporting Policy*, the *Accident Recording & Reporting Policy*, the *Medical Emergencies Policy*, the *Security Risk Management Policy*, *Relationships with the Media Policy* and the Child Safe Standards.

Evaluation

- This policy will be reviewed as part of the school's three-year review cycle or if guidelines change (latest DET update late December 2018).

This policy was ratified by School Council 25/3/2019

CRITICAL INCIDENT PLAN

RESPONDING TO A TRAUMATIC OR CRITICAL INCIDENT IN WHICH THE SCHOOL IS INVOLVED

The incident may involve loss of life, serious injury or emotional disturbance. The incident may occur in the school environment or outside. It may involve staff, students or those close to them. The network of those involved in a traumatic event can be wide, especially if it directly involves the school. Feelings of grief and loss can continue over long periods of time.

Counselling should be provided for all those who need it. This may include many who do not seem to be closely connected to the event or the individuals involved. The school may be in a position to help grieving families at difficult times, e.g. through the school's participation in the funeral service.

While school should operate as normally as possible, some degree of flexibility should exist.

It is essential that people be given clear, accurate information at all times. It is essential that a Critical Incident Recovery Team be formed to manage the short and long term effects.

ACTION TO BE TAKEN AS A RESULT OF A TRAGIC/TRAUMATIC EVENT WHICH INVOLVES THE SCHOOL

Incidents vary in complexity. These guidelines provide a framework for action and would not necessarily be followed in all cases.

However, the following four principles must be followed:

- provide clear, accurate information
- describe the actions to be followed
- provide help for all affected
- maintain a normal school program as close as possible

Obtain accurate information. Deal only with substantiated facts.

As soon as possible inform staff, especially those most directly involved. Inform family and close friends individually. Allow questions and discussion as they arise. Dispel rumours.

Appoint a skilled Critical Incident Recovery Team to assist in the management of the incident. The Team may include staff members, psychologists, counsellors, external DET personnel, support agencies etc. The size and composition of the team will be related to the nature of the incident. Distribute names of the Critical Incident Recovery Team members, and inform others of the role of the team.

Whilst maintaining student privacy, as soon as possible provide information to the community as to what has happened, and what is being done.

Appoint a skilled Critical Incident Recovery Team member to respond to media enquiries. A written press release may be useful. If necessary, protect others from contact with the media. Advice regarding this may be obtained from the DET Emergency Communications Centre and the DET Media Unit.

Establish an open line of contact with the family or families directly involved.

Provide out of school hours contact if necessary. This could be as simple as circulating the Principal's telephone number. In more complex situations it may mean maintaining telephone contact at the school.

Continue contact with the family to identify their expectations of the school, e.g. student participation in funeral or memorial service.

Try to identify those most likely to need help, e.g. classmates, teacher, special friends. Some students not directly affected may become distressed.

Ensure that counselling help is available. Contact the Regional Office and/or DET if necessary. All emergency or criminal activity, in which the safety or well-being of staff or students is at risk, or where there is a threat to property, must be reported immediately to the Department's 24-hour Emergency and Security Management Branch on (03) 9589 6266.

Continue to keep staff, students and parents/carers informed, especially about what has happened and what the school is doing about it.

As soon as possible call students together and provide information about what has happened and what the school is doing about it. A follow up letter home may be important.

Provide counselling services for all. Ensure that there are suitable places in which this can take place. Be prepared to modify the timetable and other arrangements so that people are free to make use of available help.

The class teacher may be the person to whom students first turn for help.

Children wishing to attend funerals should do so in the company of their parents/carers. Provide meaningful participation for those not actually attending the service.

Continue normal routines at school but acknowledge the effect of tragedy on the school community. Be flexible with those in need of help. Be aware that many people may be deeply affected, e.g. an event may cause a person to recall some traumatic event involving them in the past. The anniversary may also be a difficult time.

Maintain links with the family. The school and family may wish to develop a memorial garden, erect a memorial plaque, or display a photo in a prominent position in the school.

Be sensitive to staff and student's needs over a period of time.

1. Initial discussion about feelings and an assessment of the intensity of the stress responses.
2. Detailed discussion of signs and symptoms of stress responses.
3. Closing stage - provides overview and information with referral to an outside agency if required.

The Recovery Team will assist the Principal to facilitate the recovery of staff and students and those of the School community affected by the critical incident.

The debriefing meeting of the Recovery Team should include a mental health professional and one peer who were not involved in the incident.

The Recovery Team will decide the structure and composition of debriefing meetings; such meetings should be held within **eight hours** of the critical incident. These meetings will review the impressions and reactions of the persons involved during or following the incident.

Counselling support and referrals for students and their families will be provided initially by the Principal or their nominee and a Regional Guidance Officer.

4. REVIEW

The Recovery Team will meet to review the implementation of the Critical Incident Recovery Plan within **seventy-two (72) hours** of the critical incident.

As part of the Critical Incident Recovery Plan, the Principal will set up a Recovery Team at the beginning of each year.

Following a critical incident, the Principal will convene the Recovery Team as soon as possible.

The Principal will convene the Recovery Team once each semester to review planning and strategies for the Critical Incident Recovery Plan.

5. EVALUATION

Evaluation of the Plans will follow any critical incident at the school.
