

REPORTING TO PARENTS POLICY

Rationale

- Schools undertake a range of student assessment and reporting activities to support student learning.
- Student reports for parents/carers are confidential documents that schools are required to produce at least twice a year using a five-point rating scale. The purpose of student reports is to:
 - report student progress and achievement in Years Prep to 10
 - provide parents/carers with clear, individualised information about progress against the achievement standards
 - identify the student's areas of strength and areas for improvement

Note that there may be specific instances where a school decides in partnership with an individual student's parents/carers that it is unnecessary to provide a report for that student.

- In addition to producing student reports, schools will offer a parent-teacher conference to discuss the student's progress.
- Schools are advised to develop a school-based policy on assessment and reporting to complement their school's teaching and learning plan. Schools need to assess and report student progress against the Victorian Curriculum for the teaching and learning programs they have designed.
- The National Assessment Program – Literacy and Numeracy (NAPLAN) assesses all students in Years 3, 5, 7 and 9 each year using common tests in reading, writing and language conventions (spelling, grammar and punctuation) and numeracy. These test results are used by:
 - students and parents/carers to discuss achievements and progress with teachers
 - teachers to identify students who require greater challenges or additional support
 - schools to identify strengths and weaknesses in teaching programs and set goals in literacy and numeracy
 - school systems to review programs and support offered to schools.
- The Annual Report informs parents/carers and the wider school community of the school's successes, activities and achievements throughout the year. To access the performance summaries and school annual reports see: [Victorian Registration and Qualifications Authority \(VRQA\) State Register](#)
- The Department also provides each school with other confidential reports that summarise student outcomes in that school, including learning achievement, relative to threshold performance standards. These reports are provided to inform the processes of school strategic planning and review.

Purpose

- To ensure Footscray North Primary School complies with DET policy in regard to reporting to parents.
